

ACOUSTIC MODULAR PARTITIONS

WRAP, PALING & PLATOON

Quickly shape any space with EchoPanel modular partition systems. This set of acoustic dividers can quickly provide area division and noise separation for work teams, schools and any place where sound matters.

Design aesthetically and acoustically winning interior spaces with the infinitely customizable and ecologically sound EchoPanel® acoustic panels and tiles. Take the next step in functional, beautiful, sustainable design.

WRAP

Panel Dimensions: 18.4" -30.7" Wide x 55-65" High | 24mm thickness

The Wrap System is a “Kit of Parts” that enables stylish, flexible space division. Wrap is easily configured to a variety of heights and designs with our quick-connect joiner system. Pick your parts, pick your joiners and shape your space!

MODULAR

PALING

Panel Dimensions: 11.2"x68" | 24mm thickness

The “Skinny Jeans” of space dividers, the Paling modular partitions use our quick-connect joiner system to easily form walls or surround a space. Select center and end elements, plus joiners, to make your perfect partition.
